It is the goal of the Office of the U.S. Trustee to inform the bar of:

- \* the procedures that will be used to conduct debtor audits, and
- \* the potential for the denial of discharge in those cases where material misstatements or other issues arise out of the conduct of an audit.

All counsel who currently represent individual debtors before the U.S. Bankruptcy Courts are encouraged to attend and ask questions regarding the implementation of this program.

*Registration is NOT required*
